PROFESSIONAL SUMMARIES

A highly motivated and detail-oriented Frontend Developer with a strong foundation in HTML, CSS, JavaScript, and modern web frameworks such as React and Vue.js. Passionate about creating clean, responsive, and user-friendly interfaces. Adept at collaborating with cross-functional teams to bring design visions to life. Eager to contribute to a dynamic development team and further develop technical skills in the ever-evolving frontend landscape.

EXPERIENCE

Frontend Engineer   Jan '25 — Present
JPIT   Pretoria, South Africa (Remote)

As a Frontend Developer, I'm responsible for designing, implementing, and maintaining the user interface of web applications. I collaborate closely with designers, backend developers, and other stakeholders to create seamless, responsive, and interactive user experiences. I have a strong proficiency in HTML, CSS, JavaScript, and modern frontend frameworks such as React, Angular and Vue.js.
My key responsibilities will include:

- **Developing User Interfaces:** Build and maintain visually appealing and interactive web applications using HTML, CSS, and JavaScript.
- **Collaborating with Design Teams:** Work with UX/UI designers to translate designs and wireframes into high-quality code while ensuring the user interface is intuitive and responsive.
- **Integrating APIs and Data Sources:** Collaborate with backend developers to integrate front-end interfaces with backend services and RESTful APIs.
- **Collaboration and Agile Methodology:** Work closely with cross-functional teams using Agile development practices to deliver high-quality web applications in an iterative and efficient manner.
- **Maintaining Code Quality:** Write clean, efficient, and maintainable code. Conduct code reviews, unit tests, and debugging to ensure high-quality code.

EDUCATION

Meta Front-End Developer Professional Certificate in Software Engineering, Cousera   Sep '24 — Dec '24
Pretoria, South Africa

- Programming with JavaScript
- Advanced React
- Coding Interview Preparation
- React Basics
- Introduction to Front-End Development
- Version Control
- Principles of UX/UI Design
- Front-End Developer Capstone
- HTML and CSS in depth

CERTIFICATIONS

algorithms and data structures, FreeCodeCamp   Sep '24
Advanced React, Meta   Jan '25
Version Control, Meta   Nov '24

PROJECTS

Little-Lemon Link   Jan '25 Present
Pretoria

Calculator Link   Feb '25 — Feb '25
Pretoria

SHOCRETE Link   Nov '24 — Nov '24
South Africa

SKILLS

Version Control   Git, Git Flow, Github, Linux, Bash (Scripting Language)
Programming   Object-Oriented Programming, JavaScript, TypeScript, Python

VOLUNTEERING

frontend developer, DPIT

I was working closely with other developers, project managers, and stakeholders to design, develop, and maintaining software solutions that helped achieve the organization's goals. This volunteer position allowed me to enhance my technical skills while contributing to projects that benefit the community and support a social mission.
